Detail-oriented banking and operations candidate with 5+ years of experience across financial client support, documentation control, workflow tracking, confidential record handling, and follow-up. Trained in AML/ATF, KYC, STR concepts, sanctions awareness, FINTRAC requirements, and case documentation, with strong fit for KYC remediation, onboarding, due diligence support, and documentation-quality roles.

CORE SKILLS

AML/KYC Due Diligence, Customer Due Diligence, Enhanced Due Diligence, Client Onboarding Support, KYC Documentation Review, Client Remediation, AML Risk Rating Support, Sanctions Screening Awareness, Adverse Media Review, Transaction Monitoring Awareness, Case Notes, Risk Indicators, Data Validation, Documentation Review, SLA Follow-up, Escalation Rationale, FINTRAC Awareness, Excel, Word

EXPERIENCE

Project Administrator | HSA Inc. | Richmond Hill, ON | Jan 2024 - Present

- Reviewed workflow records, documentation gaps, exceptions, and non-standard items across 4+ stakeholder groups, escalating items requiring correction, clarification, or follow-up.
- Maintained audit-ready logs, trackers, status reports, and structured updates, reducing reporting errors by approximately 30% and improving traceability across concurrent files.
- Validated information completeness, tracked missing or inconsistent records, and coordinated SLA-driven follow-ups to support documentation accuracy, process control, and timely stakeholder review.

Administrative & Financial Support Assistant | SimaStyle | Markham, ON | Sep 2022 - Dec 2023

- Organized bills, account records, tax-related documents, vendor communications, and follow-up items for a small business owner.
- Reviewed expenses, credit obligations, Equifax information, and suspicious emails to help identify documentation gaps, unclear items, and potential fraud/scam risks.

Financial Services Client Support Representative | TAT Investing Co. / Ayandeh Bank | May 2020 - May 2022

- Verified customer identity and reviewed account-related information before disclosure, supporting confidentiality, accuracy, and identity-risk control in a financial-service environment.
- Handled account, service, and transaction-related inquiries while documenting interactions, missing information, unresolved items, and escalation reasons under defined procedures.

AML/FCRM CASE PRACTICE & PORTFOLIO | Independent Case Practice | 2026 – Present

- Reviewed simulated AML/KYC scenarios and prepared concise case notes covering customer profile inconsistencies, transaction red flags, sanctions indicators, document gaps, risk indicators, and close/escalate rationale.
